

Nichirei Group Health Declaration

Creating Savory Moments. With that core value deep in our hearts, every single person who works at Nichirei Group will strive for good health maintenance.

Basic Policy

1. We will promote the creation of a workspace that has a lively cooperation between labor and management, based on the ideal that states that good work has its basis in a healthy mind and body.
2. Each of our employees will work hard to increase his/her health awareness, and will take an active role in creating a work environment that promotes good health.
3. We will strive for health management based on the three pillars of “health maintenance and improvement,” “mental health measures,” and “safety and hygiene control.”
